ITEM 4: ADVISORY BUSINESS

A. Description of our business

Atlantis Investment Coaching, LLC (“Atlantis”) has been a Registered Investment Adviser since 2007. Omar Pereira owns 100% of Atlantis.

B. Description of advisory services we offer:

Atlantis has always been a small independent firm that offers the following investment advisory services, which are personalized to each individual client: financial planning, and selection of other advisers.

The following paragraphs describe our services and fees. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your individual needs.

Financial Planning Services:

We offer broad-based and modular financial planning services. Financial planning includes tax planning, insurance planning, retirement planning and estate planning. Financial planning services may include consultations and/or written financial plans, which analyze your financial situation and makes appropriate recommendations for strategies and methods of implementation of the strategies.

NOTE: A conflict exists between the interests of the investment advisor and the interests of the clients, and you are under no obligation to act on our financial planning recommendations. Should you choose to act on any of our recommendations, you are not obligated to implement the financial plan through any of our other investment advisory services. You may also act on our recommendations by placing securities transactions with any brokerage firm.

Selection of Other Advisers:

We may recommend that you use the services of a third party investment adviser (“TPA”) to manage your entire, or a portion of your, investment portfolio. After gathering information about your financial situation and objectives, we will recommend that you engage a specific TPA or investment program. Factors that we take into consideration when making our recommendation(s) include, but are not limited to, the following: the TPA’s performance, methods of analysis, fees, your financial needs, investment goals, risk tolerance, and investment objectives. We will periodically monitor the TPA(s)’ performance to ensure its management and investment style remains aligned with your investment goals and objectives.

Types of Investments:

We primarily offer advice on no-load asset-class, structured, or index funds, however we may also offer advice on other types of mutual funds, equity securities, warrants, corporate debt securities, commercial paper, certificates of deposit, municipal securities, investment company securities, US Government securities, options contracts on securities

and commodities, futures contracts on securities and commodities, and interests in partnerships investing in real estate and oil and gas.

Additionally, we may advise you on any type of investment that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship.

You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing.

C. If, or how we tailor our advisory services to your individual needs

All of our clients are different, so we tailor our services to meet your needs by consultations to discover your individual hopes, goals and dreams. Then we analyze your current investments and make suggestions how to meet your individual hopes, goals and dreams. Of course, you may impose restrictions on investing in certain securities or types of securities. It is your portfolio, after all. (Please refer to Item 16.)

Financial planning will typically involve providing a variety of advisory services to clients regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives. Once we specify those long-term objectives (both financial and non-financial), we will develop shorter-term, targeted objectives. Once we review and analyze the information you provide to our firm, we will deliver a written plan to you, designed to help you achieve your stated financial goals and objectives. In limited circumstances you may only require advice on a single aspect of the management of your financial resources. In these cases, we offer financial plans in a modular format that address only that specific aspect of interest or concern. We call this a “Financial Analysis”.

Financial plans and financial analyses are based on your financial situation at the time we present the plan to you, and on the financial information you provide to our firm. You must promptly notify our firm if your financial situation, goals, objectives, or needs change.

D. Wrap fee programs

Atlantis does not participate in wrap-fee programs.

E. Amount of assets we manage

We do to manage client assets.

ITEM 5: FEES & COMPENSATION

A. How we are compensated

Consultations, Financial Analyses and Financial Plans:

We charge a negotiable hourly fee of up to \$300 per hour for consultations, depending on the complexity of your financial situation. The payment of a retainer may be required, and such retainer will not exceed \$500.

In the case we are providing investment analysis advisory services to you related to the pursuit of a claim (through FINRA arbitration or other methods), we charge a negotiable hourly fee of up to \$300 per hour plus expenses billed at cost plus 15% administration fee. A retainer in the amount of \$500 is payable upon the signing of the advisory services agreement. The total minus the \$500 retainer (the “Balance”) will be invoiced at the time of presentation of the final analysis report to you. Fifty percent (50%) of the Balance will be due and payable upon presentation of the final analysis report. The remaining fifty percent (50%) of the Balance will be due and payable on or before the day of the first hearing or upon the conclusion or termination of the claim whichever comes first. If our participation on a hearing is requested, we charge a negotiable hourly fee of up to \$300 per hour plus expenses billed at cost plus 15% administration fee, and payable at the conclusion of the hearing.

We may also charge a flat fee for financial analyses, or financial plans, ranging from \$500 to \$2,000, and payable in advance.

In any case the fee is charged in advance, it will be for services that will always be delivered well within 6 months of our engagement. If you cancel, please see “D” below.

You may terminate the financial planning agreement by providing written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement.

Other Advisers:

We do not charge you a separate fee for the selection of other advisers. If we help you select other money managers and we monitor them for you, the other advisers, which are registered or notice-filed in the jurisdictions where we are registered, pay us up to 100% of the fees they charge you. You do not directly pay for this service.

For an explanation of the other advisers’ fee and services, please refer to their brochure (Form ADV) and other materials, available from us.

These fees may or may not be negotiable. Our compensation may differ depending upon the individual agreement we have with each TPA. As such, a conflict of interest may arise where our firm or our Associated Persons may have an incentive to recommend one TPA over another TPA with whom we have more favorable compensation arrangements or other advisory programs offered by TPAs with whom we have less or no compensation arrangements.

NOTE: Lower fees for comparable services may be available from other sources.

Educational Workshops:

We hold various educational workshops and seminars throughout the year, primarily for our existing clients and their guests. In some occasions, the general public is invited and we may decide to charge non-clients a fee, ranging from \$25 to \$500, for such workshops or seminars.

B. How our fees are paid

Atlantis receives fees for monitoring and selecting other advisers in one of two methods.

Method 1:

You will sign an agreement for services and fees directly with the investment manager. Atlantis will receive directly from the investment management firm a portion of the portfolio management fee that the investment management firm charges to the client.

Method 2:

You will sign an agreement for services and fees directly with the other adviser and with Atlantis as co-adviser, indicating the fee that Atlantis will receive. The other adviser will deduct our fee from your accounts and we will receive this fee directly from the other adviser.

C. Other types of fees:

Our fees do not include transaction fees, brokerage commissions and other related costs and expenses, which you will pay. As part of our investment advisory services to you, we may invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. The broker-dealer or custodian through whom your account transactions are executed typically imposes these charges and fees. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange-traded funds, our firm, and others. For information on our brokerage practices, please refer to the "Brokerage Practices" section of this brochure (item 12). You may also pay fees charged by your custodian and other money managers, including: management fees, custodial fees, mutual fund fees, taxes and transfer fees. We do not receive a portion of any of these fees. Simply put, they are a necessary part of doing business in the securities industry. And please remember that by not charging securities sales commissions, we are keeping your out-of-pocket expenses as low as we possibly can. (Please refer to item 12.)

D. Do we charge in advance:

We charge fees in advance for financial analyses and financial plans. If we prepare a written financial analysis or plan for you, the fee is due in advance, but the presentation of the analysis or plan will always be within 6 months of our engagement. If you cancel after we have done over half the plan, no refund will be paid. If you cancel before half the plan is finished, how much of the written financial plan that is actually completed when you cancel will depend on what percentage of the work is completed. For example, if 30% of the work has been completed, you'll get a 70% refund.

E. Do we get compensated (*commissions*) for the sales of securities

No one at Atlantis accepts commissions or any other form of compensation for *selling* you securities or other investment products. We can & do earn insurance commissions, however.

F. Do we provide continuous and regular supervisory or management services to securities portfolios

We do not directly manage client assets. Therefore, we do not provide continuous and regular supervisory or management services to securities portfolios. This work is performed by the selected TPA.

ITEM 6: PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Our fees are calculated as described in the Fees and Compensation section above (item 5), and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

ITEM 7: TYPES OF CLIENTS

Most of our clients are individuals; many are high net worth individuals. We also offer investment advisory services to pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

In general, we do not require a minimum dollar amount to open and maintain an advisory account with other advisers, but the other adviser may impose such a minimum. However, we have the right to terminate our relationship with you if your account falls below a minimum size, which, in our sole opinion, is too small to effectively monitor. Since we prefer to only charge clients who follow our advice, we may also choose to terminate our relationship with you if we determine that you are consistently not following our advice or are not responding to our requests to meet. If we terminate our relationship with you, the TPA may also choose to terminate its relationship with you.

ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

A. Our analysis & strategies:

We don't do technical security analysis. We may use one or more of the following methods of analysis or investment strategies when providing investment advice to you:

- Free Market Portfolio Theory – this is an investment approach based on 50 years of sound academic investing research and accepted financial theories. It is a disciplined approach that seeks to capture market returns while managing volatility. The academic principles on which the Free Market Portfolio Theory is based are: an investment philosophy based on the concept that Free Markets Work, Modern Portfolio Theory, the Capital Asset Pricing Model, and the Three-Factor Model.
- Long Term Purchases – securities purchased with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than one year.
- Fundamental Analysis – involves analyzing its financial statements & health, its management & competitive advantages, and its competitors & markets. Fundamental analysis is performed on historical & present data, but with the goal of making financial forecasts, including stock price evolution, projection of business performance, management evaluations and credit risks.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

YOU SHOULD BE AWARE THAT INVESTING IN SECURITIES INVOLVES RISK OF LOSS THAT YOU SHOULD BE PREPARED TO BEAR. THE FIRST DECADE OF THE 21ST CENTURY SHOULD HAVE PROVEN THAT.

B. Material risks involved in our analysis or strategies:

We feel our investment strategy is fairly conservative and we don't believe it involves significant or unusual risks. For example, we do not engage in frequent trading of securities as that can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

C. Do we recommend primarily a particular type of security:

As mentioned earlier, we place client accounts in primarily on no-load asset-class, structured, or index funds. However, we may recommend other types of investments as appropriate for you since each client has different needs and different tolerance for risk. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every type of investment. Even within the

same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it. As noted above, investing in securities ALWAYS INVOLVES RISKS.

ITEM 9: DISCIPLINARY INFORMATION

A. Criminal or civil actions:

Inapplicable

B. Administrative proceeding before The SEC or any other government agency

Inapplicable

C. Any self- regulatory organization (SRO) proceedings

Inapplicable

ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

A. Are we registered representatives of a securities broker/dealer:

No one at Atlantis is a securities broker/dealer or a securities registered representative.

B. Are we a futures commission merchant, commodity pool operator or a commodity trading advisor

No one at Atlantis is a futures commission merchant, a commodity pool operator or a commodity trading advisor or an associated person of the above-mentioned 3 entities.

C. Do we have any other financial relationships or arrangements that are material to our business

Yes. Omar Pereira is a licensed insurance agent in the Commonwealth of Puerto Rico. He sells insurance products for sales commissions, but not variable products such as variable annuities. Accordingly, you should be aware that a conflict exists between your interests and our interests; and you are under no obligation to act upon any of our recommendations; and if you elect to act upon any of the recommendations, you are under no obligation to affect the insurance transactions through us.

D. Do we recommend other registered investment advisers and receive compensation:

As noted in Item 5, Atlantis recommends other advisers (licensed or notice filed with the jurisdictions where we are registered) to our clients. We have chosen the other advisers based on their relative costs, skills, reputation, dependability and compatibility with our clients, and NOT upon any financial arrangement between them and Atlantis or Omar Pereira, other than they pay us up to 100% of the fee they charge you. It is basically a referral fee. (Please refer to Item 11-D.)

ITEM 11: CODE OF ETHICS, PARTICIPATION OR INTEREST IN *CLIENT* TRANSACTIONS AND PERSONAL TRADING

A. Describe our Code Of Ethics:

Our Code of Ethics establishes ideals for ethical conduct based upon fundamental principles of openness, integrity & trust. It ensures that we always put your interests first. We hold ourselves to high standards and diligence. Taken as a whole, our Code of Ethics is our promise to work hard in your interests, with complete confidentiality and honesty. We will immediately provide a copy of our Code of Ethics to any client or prospective client upon request.

B. Do we have any material financial interests in investments we recommend:

We will not recommend an investment to you in which we have a material financial interest. We do not act as a principal and buy securities from, or sell securities to clients. We are not general partners in a partnership so we will not solicit your investments for such. We are not investment advisors to any investment company, so we will not solicit your investments for such. Our only financial affiliation is Omar Pereira's insurance license, as disclosed before.

C. Do we invest in securities we recommend to you:

On occasion, we may buy or sell securities we recommend to you. We have found over the years that clients like to invest in the same investments we do. That makes sense. If we like it for ourselves, why shouldn't our clients like it too, always depending on their investment goals, objectives and time frame. When we recommend investments we hold ourselves, we'll always disclose to you what we own and how much we own. (As an aside, we've seen that some salespeople tell clients that they own the same thing they are recommending, but it's often a minimal amount. We find that to be very deceptive.) We feel that there is just a tiny conflict of interest in owning the same securities as we recommend to you because the securities we recommend are widely held and publicly traded and we are too small advisors/investors to affect the market in widely held and publicly traded securities.

D. Do we buy or sell securities about the same time as you:

No. In addition, we do not allow "front running" (buying or selling before you), or buying or selling securities contemporaneously with you. And since the fees the other advisers charge vary somewhat, we cannot detail them here. Their fees will be fully disclosed when we describe money managers we feel would be appropriate for you. However, their fees (which includes our portion of the fee) will never exceed 2% per year. (Please refer to Item 10-D.)

ITEM 12: BROKERAGE PRACTICES

A. Describe the factors we used in selecting a custodian for you:

We have selected a custodian based on its:

- Costs: Among the best in the world of custodians

- Skills: Very few mistakes so far
- Reputation: Other RIAs that use them have sworn by them. That's real important.
- Dependability: Rarely a problem
- Compatibility with you: This custodian deals mainly with small independent RIAs like us.

1. *Soft dollars:*

We don't do "soft dollars". It is difficult to define, but a good example would be if a custodian offered us research or other benefits to place our clients with them.

2. *Brokerage for client referrals:*

We don't do "brokerage for client referrals". By that we mean we haven't selected our custodian on the basis that it will send us other client referrals in exchange for your custodial business.

3. *Directed brokerage:*

We don't do "directed brokerage". That means we don't recommend, request or require that you direct us to execute transactions through a specified broker/dealer. If we did it, we may be unable to achieve favorable execution of trades and it would cost you money.

B. *Aggregating client accounts:*

We rarely have the opportunity to "aggregate" the purchase or sale of securities for you. We're an independent small RIA that doesn't buy or sell securities very often (a practice which saves you money). More importantly, all our clients are different in age, size of portfolio, wants & needs and risk taking, so there is very little overlap in our client portfolios.

ITEM 13: REVIEW OF ACCOUNTS

A. *Frequency & nature of reviews:*

Omar Pereira, Managing Member, will monitor client accounts on at least an annual basis to ensure the advisory services provided to you are consistent with your investment needs and objectives. Triggering factors that may stimulate additional reviews include, but are not limited to, significant market corrections, large deposits or withdrawals from an account, a change in your financial condition, or your request for an additional review, which you can make at any time.

You will receive statements directly from your account custodian(s) on at least a quarterly basis. The other advisers will also issue reports on at least a quarterly basis.

B. Reviews on an other than periodic basis:

On occasions, such as a dramatic market move (in either direction), retirement or any catastrophe, we may review client accounts to ascertain if we need to make any recommendations to you.

C. Client reports:

We do not prepare regular client *reports*. Your custodian sends you account statements, transaction confirmations, all applicable tax documents, required minimum distributions form any qualified plans, and proxy documents, including ballots and any communication from public companies. In addition, you also receive statements from any mutual funds you may own and other money managers you may utilize.

ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION

A. Do we get economic benefits from a non-client for providing certain advice to you:

No. In addition, we do not accept sales awards or other prizes, such as trips. We pay for our own trips.

B. Do we pay for client referrals:

We do not *pay* for client referrals. We do *get paid* for client referrals, when we recommend other money managers to you in order to increase your portfolio diversification. (Please refer to item 10-D.)

ITEM 15: CUSTODY

We do not directly debit advisory fees from your account and we do not exercise custody over your funds or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. If you have a question regarding your account statement or if you did not receive a statement from your custodian, please contact your custodian directly.

ITEM 16: INVESTMENT DISCRETION

We do not have discretion over your investments.

ITEM 17: VOTING CLIENT SECURITIES

A. Do we accept authority to vote client securities:

We do not vote client securities. We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of applicable securities, you are responsible for exercising your right to vote as a shareholder.

B. If we do not have that authority, disclose that fact:

We do not have the authority to vote client securities. You will receive your proxies or other solicitations directly from your custodian and we encourage you to discuss them with your legal representatives as we not in a position to answer any of your questions regarding proxies.

ITEM 18: FINANCIAL INFORMATION

A. Do we require prepayment of fees of more than \$500/ more than 6 months in advance:

No, we never charge more than \$500 more than 6 months in advance.

B. If we require such prepayment, or have custody or discretion, is there any impairment for us to make a refund, if necessary:

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$500 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

C. Bankruptcy

Neither Omar Pereira, nor Atlantis Investment Coaching, LLC has ever filed for bankruptcy. (Please refer to the proceeding paragraph.)

**ITEM 19

ITEM 20: ADDITIONAL INFORMATION

Your Privacy:

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your

nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact our main office at the telephone number on the cover page of this brochure if you have any questions regarding this policy.

Class Action Lawsuits:

We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you. If you desire, we may serve as advisors to you in the event you need investment advice related to your claim, and/or serve as an expert witness during the proceedings.
